DECLARATION OF POTENTIAL RISK AND SITE DESCRIPTION: I understand that paintball is an outdoor, all weather active sporting game involving target shooting and the elimination of opponents v.i.a the firing/shooting of paintballs from a paintball gun. A paintball is a round, thin-skinned gelatine capsule with coloured non-toxic liquid inside it. I recognise that there are potential natural and man made hazards on site ; Fallen trees and branches, wildlife, vermin, insects, pollen, dust, wild animal/bird faeces and carcasses, biting and stinging insects, uneven/slippery ground, tripping/slipping hazards, wooden barricades, 1 meter high elevated shooting platforms and towers, low entry /exit points, entry/exit steps and foot ramps, restrictive head height areas, obstacles, deep ditch (cordoned off), overhead power cables, potential exposure to overspray from neighbouring farms, bio loo/compost toilet pathogens, undetected burrows/scrapings from burrowing animals/wild fowl, standing water and muddy areas during wet weather, nettles, bramble bushes, rose hips, trees and thistles etc and that paintballs fired from guns may bruise, break the skin and cause raised swelling. The site terrain is comprised of an uneven grass area (grass height 1 inch - 4 ft) with small/large tufts of grass protruding above ground level, wooden barricades/props, towers, forts, pill boxes, tunnels, sheds, tanks, landing craft, bails (round) and other miscellaneous barricades and props. Note; I understand the play area has a varying terrain, that this terrain and all ground conditions, surfaces/flooring may become muddy and slippery during wet & frozen weather conditions, and hard during cold, frozen and hot/dry weather. Tripping hazards may exist. Our site is not a mown, level grass area similar to a golf course or football pitch. The site structures are of timber construction, the terrain (as stated above) and nature of the game means there is a 'possibility ' of superficial injuries eg skin damage & injury /cuts / bruising etc /splinters/abrasions, 'in extreme/rare circumstances' soft tissue injuries, sprain injuries, bone breakages, eye, ear, head, facial injuries, paralysis, dismemberment and possible death. Hence the reason to wear the issued paintball safety goggles, correct footwear and to adhere to the site rules to limit/reduce the risk. Failure to wear safety goggles means there is a high risk of sustaining facial and eye injury, trauma or blindness. All the above potential risks are associated with playing paintball and I consider myself fully informed and I fully accept all the risks and hereby absolve THE SITE their servants and agents in respect of personal injury or death, any damage to property or goods however this may arise or be caused, save where caused by the proven negligence of THE SITE their servants and agents. I understand my statutory rights are not affected. That paintball played in poor light or floodlight conditions does pose a greater risk of the aforementioned including the additional risks of bodily collision with barricades and other players, injury and accidental close in shooting. Playing 'paintball under floodlights may create dark spots and shadows that may conceal all the aforementioned hazards and risks. I have instructed my child to conform to all safety rules in force on the site, all site instructional, warning, caution signage, the safety induction and in this informed consent/ pre – play agreement. In particular the wearing of safety equipment which is issued on site and not to leap or jump from any tower, shooting platform or stepped, elevated off the ground barricade of any shape or form and to obey all the marshals safety rules and instructions however conveyed. I confirm that I am 18 years of age and the legal parent / guardian of the below. By signing this document I hereby give my consent and permission for my child to use the facilities of THE SITE and that I am bound by the terms and conditions of this agreement. PLEASE NOTE; persistent violation of our safety regulations i.e lifting of safety goggles will result in exclusion of the offending player/s from the site. THE SITE, their servants and agents reserve the right to refuse entry.

I UNDERSTAND THAT : The wording of this informed consent may be periodically updated and changed.* I must ensure the informed consent form I sign is the current up to date version, this is usually sent to your chosen email (check spam folder). *Before you download or copy the informed consent off the website please seek confirmation from THE SITE that this is an up to date version.* The form is an informed consent, waiver of liability and assumption of risk, pre play agreement. *All children must arrive to THE SITE with an informed consent that has been signed by a legal parent or legal guardian. NO EXEMPTIONS WILL BE GRANTED. *Page 1 & 2 are the same agreement. *By submitting page 2 (signed declaration part) you confirm you have received, read and understood the full agreement, that you fully and voluntarily with all the terms and conditions on pages 1&2 of this agreement.*The current minimum age for Normal paintball is age 11, Normal .50cal paintball age 10 and low impact paintball is age 7.

PAINTBALL IS AN EXTREME/ADVENTURE SPORT. I WILL FULLY COMPLY WITH ALL OF THE UK GOVERNMENT GUIDELINES CONCERNING CORONAVIRUS /COVID-19 – THAT IT IS MY DUTY AND RESPONSIBILITY TO FAMILIARISE MYSELF AND MY CHILD WITH THESE GUIDELINES AND ENSURE MY CHILD FULLY UNDERSTANDS THEM.

*Paintball (read definitions at top of page) is generally considered an extreme sport and adventure sport these are popular terms used for certain activities perceived as having a high level of inherent danger. *These activities often involve speed, height, a high level of physical exertion, and highly specialized gear. *Danger; Although the danger is minimal the risk exists. *Speed; Paintballs are fired at a speed of approximately 280 feet per second for paintball 110-130 feet per second for low impact paintball. *Height : The highest access points shooting platforms and towers are approximately 4ft/ one meter above ground/floor level*Physical exertion; Depending upon your style of play paintball can involve running, sprinting, crawling, climbing, jumping & walking.

[alternatively, you can stay still and shoot] *Highly specialised gear to play; Protective goggles, head gear, gloves, coveralls, body armour and gun specially designed for paintball and low impact paintball. *Proscribed items; Anything that is hazardous /dangerous/capable of inflicting injury must not be brought onto the site or carried on the person, concealed in clothing or baggage. e.g. these are but not limited to - work tools, nail, screws, tacks, staples etc, knives, razor blades, Stanley knives, all knives, needles, pins, pencil, pens and any sharp implements etc. *THE SITE maintenance: All work tools, fixings and implements are not left on site – a clean sweep of all our work areas is performed, this may involve metal detector sweep. *You understand that adults, children, trespassers, unauthorised visitors can intentionally and unintentionally bring proscribed items onto the site. *You agree to accept that it is impossible for THE SITE to guarantee the area/surface/field is 100% free of proscribed items and items that have been buried, lost or discarded during the historical passage of time even before THE SITE became operational. *That the SITE is not responsible for any injury caused to any player or visitor from undetected/hidden/abandoned proscribed items. *This document must accompany your child on the day of play. *In addition to a paintball gun players will be issued the following play gear for paintball 1.
